

## We Say *Mahalo* to Citizen Gardener Who Makes Street Much Greener

Meet Art, who lives in a condo tower at 1600 Ala Moana Boulevard. He can often be seen tending some garden beds where the path to Ala Wai Promenade joins the busy main street. Thanks to his care of a mix of edible and decorative plants with watering, weeding and pruning, as well as frequent litter cleanup, this unexpected patch of green beauty greets the many hundreds of people who pass by each day walking to and from the Ala Moana Center. We salute his volunteering pride.
